# Welcome

2

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide.

12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

## 5<sup>th</sup> International conference on Cancer Prevention and Research

May 04, 2026 | Kuala Lumpur, Malaysia

### SPEAKER PRESENTATIONS

**Title: Trends and Disparities in Liver Cancer Incidence by Demographic Factors in the United States**

**Sruti Mohanty**, First year medical student in SEB Medical College and Hospital, India

**Title: Molybdenum Deficiency among Esophageal Cancer Patients**

**Abdul Waheed Dar**, Government Medical College Srinagar, India

**Title: Evaluation of combined tubular gastroesophageal anastomosis and C-shaped flap technique in proximal gastrectomy for gastric cancer: A retrospective propensity score matching analysis**

**Yifan Cheng**, Northern Jiangsu People's Hospital, Clinical Teaching Hospital of Medical School, Nanjing University, Yangzhou, China

**Title: Association of Tumor-Infiltrating Lymphocytes (TILs) With Pathological Complete Response to Neoadjuvant Therapy in Breast Cancer**

**Sara Ishaq**, Jinnah Hospital Lahore, Pakistan

**Title: Correlation of FNAC with Histopathology in Detecting Ovarian Malignancy: An Institutional Experience**

**Sharif Ismat. Gynecology and Obstetrics**, 250 Beded Sadar Hospital, Brahmanbaria, Bangladesh

**Title: Therapeutic Immunomodulation in Cardiovascular Disease: Anti-inflammatory Strategies and Landmark Trials**

**Muhammad Hasnain Mankani**, Medical College, Aga Khan University, Karachi, Pakistan

**Title: Effectiveness of tachosil as sealant in lymphatic leakage of breast carcinoma with axillary dissection: Original article**

**Loai Albinsaad**, King Faisal University, Saudi Arabia

**Title: FGFR3 prevalence and clinical significance in Asian Bladder Urothelial Carcinoma**

**Raghuveer Pedamallu**, Nizam Institute of Medical Sciences, India

**Title: MiR-31-5p drives penile cancer aggression: Unexpected twist with elevated miR-145-5p in FFPE tumors**

**Desak Putu Oki Lestari**, Universitas Warmadewa, Indonesia

**Title: Misdiagnosis of lung adenocarcinoma mimicking manifestations of pulmonary tuberculosis: A case report**

**Tria Meirissa**, Medicine Lampung University, Indonesia

**Title: Survival outcomes and clinicopathologic prognostic factors in gastric cancer: A small single-center retrospective cohort from eastern Türkiye**

**Sezer Gokcen**, Agri Education and Research Hospital, Turkey

**Title: Research on single-cell transcriptomics in hepatocellular carcinoma**

**Muhammad Nauman Shabbir**, Asia-pacific Journal of Oncology, Pakistan

**Title: From awareness to action: impact of breast cancer awareness sessions on prevention and care**

**Saima Awan**, Memon medical institute hospital, Pakistan

**Title: Synergistic Anticancer and Certain Biochemical Events Impact ER+ MCF-7 Breast Cancer Cells by Local "Citrus colocynthis-Lemon Fruit" Hydroethanolic Extract Combination**

**Ahmed Sabbar**, College of Health and Medical Techniques, Middle Technical University, Iraq

**Title: Clinical and Histopathological Predictors of Survival in Regional Lymph Node Metastases From Cutaneous Squamous Cell Carcinoma of the Head and Neck: A Retrospective Analysis**

**Esra Izeldin**, East Kent Hospitals University NHS Foundation Trust, United Kingdom

**Title: A Male breast cancer after 20 years of treated testicular cancer**

**Mohammad Alshare**, Al-Bashir Hospital, Jordan

**Title: Predisposition of an Intronic Duplication in CHEK2 Gene in the Cases of Breast Cancer from Balochistan**

**Abdul Hameed**, Lasbela University of Agriculture, Water and Marine Sciences, Pakistan

**Title: Socioeconomic and policy determinants of breast cancer screening uptake among chinese women: A multi-province population-based study**

**LianXue Zhang**, Peking Union Medical College, China

**Title: HDR brachytherapy using customised surface mould: An institutional experience in angiosarcoma of the scalp**

**Biju P Thomas**, Chief Medical Physicist & Radiation Safety Officer at Caritas Hospital and Institute of Health Sciences, India

**Title: Clinical outcome of intensity-modulated radiotherapy versus two-dimensional conventional radiotherapy in locally advanced nasopharyngeal carcinoma: Comparative study at SKIMS Tertiary Care Institute**

**Kaneez Fatima**, Sheri Kashmir Institute of Medical Sciences, India

**Title: Modulating radiation-induced oxidative stress and DNA damage responses to enhance the therapeutic index of cancer radiotherapy**

**Sharon Osoro**, Kenyatta University, Kenya

**Title: Understanding the causes of high mortality among adult acute leukaemia patients in Armenia**

**Lusine Harutyunyan**, Yeolyan Hematology and Oncology Center, Armenia

**Title: Lymph node ratio: A novel prognostic indicator for gastric cancer**

**Anand Praveen Kumar A**, Stanley Medical College, India

**Title: Extended-interval immunotherapy in advanced lung cancer: A case report**

**Salome Kordzaia**, Ltd "Multiprofile Clinic Consilium Medulla", Georgia

**Title: Evolution of the AGMK1-9T7 GLI1+ progenitor cells to become tumor cells and possibly cancer-stem cells**

**Andrew M. Lewis Jr**, Center for Biologics Evaluation and Research, United States of America

**Title: Epidemiology of malignant neoplasms in young children in the Kyrgyz Republic**

**Talgat Uulu Talant**, Osh State University, Kyrgyzstan

**Title: Co-relation of educational status and cancer stage at the time of diagnosis: Experience of a tertiary care centre in India**

**Keerthana Sri K.C**, Thangam cancer centre, India

**Title: Diagnostic accuracy of breast care glove-assisted clinical breast examination for early detection of breast cancer in India**

**Devisowmiya T**, Tata Memorial Hospital, India
